Thank you to the Royal Oak for giving me the opportunity to exhibit my artworks and paintings, which show an eclectic mix of styles. The inspiration has come about from a commissions in 2016 which have spurred me on to start again using my favorite mediums of oils, pastels, water colour and pencils not forgetting airbrush acrylic on gold leaf. Ideas on many works are from the local area came from running and cycling in the countryside around the Tisbury village where I live. As well, trips to Scotland and the French Alps in the summer months. I do have an eclectic mix of painting styles of scenes, sketches and alternative artworks.
